THEY CALL HIM "ENEMY"
Columbia State.
The Illinois Staats Zeitung is a newspaper that presumably knows what is pleasing to the minds of its German-American readers. Also presumably it has a good many thousands of such readers as a supporting constituency. Remembering these facts, observe the animus, the purpose and the bearing upon our country's interests of the following extract from editorial columns that are now daily giving forth the same venom:

"A president who tenaciously resists the demands of his own people to protect them in their crushed rights and in their violated honor; a president, however, who is not capable to resist the threats of that same England that depends for its very existence on the good will of the American people, is already a danger for this republic and a greater danger than any other enemy."

The very same sort of agitation is being carried out by all the other German-American papers. In the press of Germany itself this political

attitude and effort is quite approved and success on its part is earnestly desired. In short, the president of the United States so long as that person is Woodrow Wilson, is to be regarded as a base enemy, is to be fought to a finish, is to be punished properly for not directing the power of this country in such manner as to please Germany and promote her aims in this war.

If President Wilson should be defeated—these newspapers, their constituents and Germany would rejoice with exceeding joy—over what? Over the fall of Wilson, to be sure, but far more over the discovery that no man could be president of the United States if persona non grata to Germany. It might well be that German-American voters by no means determined the result and so could not claim all the credit. But they would think so and be enormously encouraged or solidified as party controlled in its choice, not primarily by the interests of the United States, but by those of Germany as suggested from Berlin.

This is a startling and very disturbing situation for loyal citizens to consider. It is reason in plenty of itself to vote for an indorsement of Wilson so complete as to rebuke all such domestic disloyalty as thousands of the German-Americans now brazenly display. How Wilson stands on this subject all men know perfectly. Mr. Hughes still by silent bids for the vote.

**NO INCREASE IN
ROBBERY OF
BANKS**

(By Associated Press.)

Kansas City, Mo., Sept. 29.—Crimes committed against banks represented in the American Bankers' Association during the past year have shown no marked increase, according to the annual report of the protective department at the convention of the association here today, and it was further shown that a large proportion of the burglaries and similar crimes proved unsuccessful.

For the period from August 1, 1915, to Sept. 1, this year, there was a total of 428 arrests and 307 convictions. The report notes that the losses sustained by members in connection with the burglaries amounted only to \$7,754, while the loss sustained by non-members amounted to more than \$60,000. Through 35 hold-ups, however, there was a loss to members of \$65,821, and though nine sneak thieves a loss of \$26,500. The department now has 4,720 photographs of criminals, comprising burglars, holdup men, sneak thieves, forgers, and bogus check operators, with a complete record of each.

A large number of the crimes attempted against banks are due to carelessness on the part of the banks in permitting customers to use funds represented in uncollected checks, according to the report, and it was recommended that this practice be discontinued. Trouble is also caused through the practice of leaving bank checks on the counters, and it was urged that this practice be modified by printing across the face of such checks the words "Counter Check."

MUNICIPAL HOUSE-KEEPING
The social activities of Wilmington women illustrate the value of women in civic life. There is a vast number of things that need attention in every community, that men by nature overlook and neglect. And they have been overlooked and neglected for long centuries.

Men are not heartless and cruel; they are just stupid. The world will never have proper municipal house-keeping until the women get busy with it.—University News Letter.

—RUN-DOWN?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new prescription "Anuric" is bound to give immediate results as it is many times more potent than lithia in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for "Anuric" for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swelling, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night.
